

# CWA Local 1036

## COMMUNITY SERVICES COMMITTEE

### SUPPLIES FOR SCHOLARS DRIVE

**July 12 – August 12, 2024**

*The mission of the Supplies for Scholars Drive is to collect school supplies for our vulnerable school youth who are striving to achieve success in the classroom. Unfortunately, many families undergo financial and personal hardships that make purchasing such supplies difficult and at times impossible. Again, this year, we've partnered with CWA Local 1037 & 1038 members working at the Department of Children and Families. These members will help us connect to the children in need of assistance.*

*The CWA Local 1036 Community Services Committee is asking for your assistance in providing our youth with the proper classroom tools they need to obtain the education they deserve!*
